USPA NEWS - Mian Nawaz Sharif is on Target for Assassination by the Dark Forces & Rogue Elements

Shazada Hayat President UICF (UK) and international community welfare campaigner, amazingly and accurately predicted and warned the then Prime Minister of Pakistan Imran Khan on 09thMarch 2022 that plans were already made to oust him and his PTI Government out of power. The warning and predication became reality on 10thApril 2022, when Prime Minister Imran Khan was ousted out of power. Shazada Hayat then predicated and warned Imran Khan publicly on record on 18thApril 2022 that the ousting of Imran Khan has been achieved and now assassination is on the cards. On 3rd November 2022 an assassination attempt was carried out on Imran Khan to kill him, but he survived the assassination attempt on his life. Shazada Hayat is now giving a stark warning and prediction to the former three times Prime Minister of Pakistan Mian Nawaz Sharif that the rogue elements and dark forces, inside and outside of Pakistan, are planning to assassinate him.

Shazada Hayat said, The enemies of Pakistan have declared a fifth generation hybrid war on Pakistan, which has intensified in recent times, under the code name “Art of Destruction of Pakistan Without War,” (Art of Fighting Without Fighting). This to the enemy means to try to destabilise and destroy Pakistan from within. So far, the enemies of Pakistan are claiming victory in this endeavour, and they feel that they are on course to achieve their desired cause and effect. The enemies of Pakistan are celebrating that they have not only managed to expose the Pakistan ship to all the turmoil and elements, and planned that their negative agenda against Pakistan will sink the ship. The enemies of Pakistan have so far managed to create a huge divide, polarising the Pakistan public, Pakistan army, the Pakistan judiciary and the main culprits the politicians of Pakistan.

The aim and objective of the fifth-generation war is put Pakistan on a freefall and downward spiral to ultimately put Pakistan on the life support machine, with the help of the traitor Gudar politicians. The real enemies of Pakistan want to turn Pakistan into a state of emergency, where no elections can ever take place, and the nation is embroiled in civil war, anarchy and chaos resulting in no other choice but martial law, which the public will inevitably and ultimately accept as a better choice than the politicians they have lost all confidence in. The fifth-generation hybrid war of the enemy have already manged to get Pakistan politicians into civil war, where they are only predominantly interested in saving themselves and their political party over and above the expense of abandoning the welfare of the nation. Today the majority of the politicians have forgotten what and where is Kashmir and not interested in health, education, economy or employment of the nation. Nor are these politicians interested in economic polices trade and investment in Pakistan.

Shazada Hayat went on to say, As a result of the incompetent politicians of Pakistan, Pakistan today is facing austerity, economic meltdown and being pushed towards the path of destruction, not just at the hands of the enemy, but in particular the corrupt and treacherous politicians of Pakistan. The enemies of Pakistan and the rogue elements, together with the dark forces in the corridors of power of Pakistan, have in the past managed to execute the “Daughter of the East the Legendry Mohtarma Benazir Bhutto,” who was assassinated just before the general election in Pakistan on 27thDecember 2007, and to this day nobody knows officially who killed Mohtarma Benazir Bhutto. The answer really lies in who actually are the benefactors who benefitted from the assassination of Mohtarma Benazir Bhutto, as they are the guilty culprits. Just as the general elections were looming the assassination of another former Prime Minister Imran Khan was ordered. However, Imran Khan was very lucky to have survived the execution by the assassin. Now once again the general election is looming and the enemies of Pakistan,

the rogue elements and dark forces in extreme powerful positions and or connected to the powerful and elite, wish to quench their thirst for blood, for which they are eyeing the assassination of Mian Nawaz Sharif.

The rogue elements and dark forces within the powerful positions believe that by carrying out the assassination attempt on Imran Khan this has divided the Pakistan public, Pakistan army, judiciary and politicians. By sacrificing and assassinating Mian Nawaz Sharif they believe that it will bring equilibrium and balance to Pakistan and also achieve distraction and bring the public confidence back in the

army and the judiciary. On the other hand, the external foreign enemies of Pakistan believe that the assassination of Mian Nawaz Sharif will lead to civil unrest, anarchy and civil war. The public at large in Pakistan would have no other choice but to accept martial law, as they have lost all faith in the politicians of Pakistan. One may well ask, who are the enemies of Pakistan, the rogue elements the dark forces. The answer is simple, foreign intelligence services who wish to destabilise Pakistan, and damage Pakistan wherever and whenever they can.

These enemies of Pakistan are fully aware that they cannot harm or injure Pakistan without the help and support of the rogue elements within the corridors of power and other corrupt dark forces. It is these forces combined who have carried out the assassination on the former Prime Minister Liaquat Ali Khan, former Prime Minister Mohtarma Benazir Bhutto, and tried to assassinate former Prime Minister Imran Khan. They are now planning to embark on the similar plan to carry out the assassination of Mian Nawaz Sharif.

The murder of any individual is a grave crime and Pakistan authorities cannot stand back and allow any foreign enemies to kill any Pakistani, regardless of whatever political differences and grievances the public may have, which is the internal matter of Pakistan. The guardians of Pakistan, the Pakistani nation and the overseas Pakistani community will not stand by any acts of the foreign enemies, the rogue elements and the dark forces, which is against the national and public interest of Pakistan,
